We have to go through a formal bid process for the MBE- right now- Accustaff a registered MBE is able to do it with our current contract- I have told them there are no promises. Can we not list the MBE in the RFP- just that we plan to use one in the state of SC? Talk to Steve about this before we put ourselves in a situation where we are making promises we can not keep-
B

Thanks ya'all. We will also need information for Sogeti and for any MBE that we use.

Rachel - once you are done with helping me with Chicago (just stop working on Chicago around 1:00 p.m. and send me what you have - I'll take it from there) will you please assist Buck in gathering this information?

Buck - are you only needing the yellow highlighted information or all of the bulleted information?

Leann,

Could you assign someone to collecting the following information?

Thanks

Buck Jones
